Thanks Jayne. I'd be happy to be on the planning/logistics team for the meeting.

Karen

Subject: Oregon Ag Program & CZARA Kick Off Meeting Tentatively Scheduled for June 2 from 10-1 pm (PST); Need Planning Committee Contacts

Thank you for completing the doodle poll. Looks like the best date and time for the Oregon Ag Program & CZARA Kick Off Meeting is June 2 from 10-1 pm. Please do invite any others who might be interested in attending and let me know whether I should delete you from the list.

The purpose of this kick off meeting is to share information about how Oregon's agricultural program addresses the CZARA agricultural management measures, discuss concerns raised by the public and learn more about what the state is doing or planning on doing to address these concerns. This meeting will be the beginning of an effort for the state and federal agencies to work together to ensure the adequacy of Oregon's agriculture programs and policies for meeting the 6217(g) agriculture management measures and conditions placed on Oregon's Coastal Nonpoint Program, including exploring what actions might be needed in order to address any gaps.

Below is a very preliminary agenda. We need staff level contacts from DEQ and ODA (and other agencies) to help with meeting planning activities such as developing the agenda for the managers to review, dealing with logistics etc.

Preliminary State/EPA/NOAA Ag Agenda

- Welcome from senior management: ODA, EPA, ODEQ (& NOAA)
- Background OR CZARA with focus on Ag (EPA or NOAA)
- State's responses to questions posed during the public comment period; changes state has made or will make since 2004 interim approval
- ODA Presentation on Agricultural Water Quality Program and Area Plans
- [Discussion on topics or concerns to be selected]
- Next Steps

Regards,

Jayne Carlin, OR CZARA Coordinator
